## MEDICINAL.

### Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness. "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with congestion of the uterus and female weakness for five years," writes Mrs. Robert Kerwin, of Albert, Hastings Co., Ont. "Was so weak and nervous I could hardly do any work. Had severe pain in back, also dizziness and pain in head. My heart would beat so fast I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

## LABOR LEADER INDICTED.

George M. Gunter, General Organizer of the International Association of Wood Workers, is in the Chautauque county, N. Y., jail awaiting trial on two indictments which grew out of his connection with the labor troubles in Jamestown during the summer.

The main indictment charges a violation of section 385 of the Penal Code, which defines a public nuisance as a crime against the order and economy of the State, and consists among other things in unlawfully doing an act that in any way renders a considerable number of persons insecure in life or the use of property. This indictment alleges that Gunter on September 2, 1901, and for a long time prior thereto, and for a long time subsequent thereto, unlawfully, maliciously and criminally annoyed and injured a considerable number of persons, residents of Jamestown, by publishing and circulating the false statements that the woodworkers employed in Jamestown were compelled by their employers to work too many hours for a day's work, were paid much lower wages for the kind and class of the work they were employed in than the average of the wages which were paid for like work in other cities of the country, and that such employees were compelled by their employers to labor a longer time each day than the average of the time worked by those engaged in like kinds and classes of work in other cities of the country, and also by maliciously, unlawfully and persistently creating agitation, unrest and dissatisfaction among many of the laboring people of Jamestown and unlawfully and persistently encouraging them to strike and maliciously, wickedly and unlawfully endeavoring to induce such laboring men to boycott their employers.

To ascertain the attitude of manufacturers toward organized labor Gunter successfully impersonated a New York architect, and it is alleged he took tags from goods awaiting shipment for the purpose of making a list of patrons of Jamestown factories. Editor W. W. Clark called Gunter an anarchist last week and he went to Mayville to indict the editor. The grand jury instead found two indictments against him. One other was for circulation of reports injurious to property interests in Jamestown.

## CHAMBERLIN'S FAVORITE OYSTER.

The Lynn Haven bay oysters John Chamberlin considered to be the best flavored, fattest and finest that could be set before a guest. He purchased them regularly in large quantities from a firm at Norfolk, Va. He never permitted a slender or alleged diamond back terrapin to get into his kitchen.

"There is but one real terrapin," he used to say. "To call them all diamond backs is rot. You can get diamond backs from a dozen States. The Chesapeake terrapin is superior to any other found on the earth, and any keeper of a public house who would palm off a slider, or the fresh water terrapin, stewed in a loblolly sauce with veal and goose liver added, ought to be sent to the penitentiary for 10 years."

Cold apple toddy was the favorite dapple at Chamberlin's. The proprietor himself introduced it here. He bought his apple brandy in Tennessee. It was carefully distilled and was decidedly mellow.

Mince pie was a delicacy that came high at Chamberlin's, but it was the best that could be had. That was another secret recipe. One pie cost \$2.00, or 50 cents a cut. At Thanksgiving and Christmas it was Mr. Chamberlin's custom and pleasure to send to the President of the United States and other friends among the prominent men of Washington Rhode Island turkeys and his noted mince pie. He also sent each year to the American legation in London a liberal supply of good things for the Thanksgiving dinner, including turkeys, oysters, Kentucky mutton, Smithfield hams and mince pie.

## REFUSED TO BE VACCINATED.

The power of the board of education at Philadelphia to bar out teachers who have not been vaccinated within five years will be tested in court, an injunction having been applied for to restrain the committee on hygiene or Principal Rorer, of the girls' high school, from interfering with Miss Mary H. Lyndall in the performance of her duties as a teacher in the school. All the teachers were recently notified by the committee on hygiene that they must be vaccinated unless they could show certificates that they had had smallpox within the last five years.

Miss Lyndall presented two certificates to Dr. Morton, chairman of the hygiene committee, the first stating that it was unnecessary for her to be vaccinated and if she were vaccinated at this time it would endanger her health; and the second, from Dr. Reeves, was to the effect that she had been vaccinated on January 23, 1895, Dr. Morton, however, refused to accept

the certificates, and she was yesterday prevented from teaching her class.

When the case was called yesterday the petitioner's counsel, C. Oscar Beasley, had not yet prepared the requisite affidavit for an injunction, and Judge Wilson continued the case until next Monday, remarking that the easiest way for Mr. Beasley to get his client out of the difficulty was to have her vaccinated.

## A BIG FLOATING DOCK.

The immense floating dry dock built by the Maryland Steel Company for the United States government started from Baltimore yesterday on its journey to Egypt. It is expected the trip will occupy about a month. The dock is being towed by the steamship "Tico," three cables, each 1,200 feet long, being used. The dock, said to be the largest of its kind in the world, is 525 feet long and 125 feet wide. It sits on about fifty feet above the surface of the water. Over 13,000,000 pounds of steel were used in its construction. It cost \$10,000,000.

## "My Family Doctor."

Blue Island, Ill., Jan. 14, 1901.

M. Mrs. Ely Bros.—I have used your Cream Balm in my family for nine years and it has become my family doctor for colds in the head. I used it freely on my children. It is a Godsend to children as they are troubled more or less. Your respectfully,

J. KIMBALL.

Judge for yourself. A trial size can be had for the small sum of 10 cents. Supplied by druggists or mailed by Ely Brothers, 56 Warren Street, New York. Full size, 50 cts.

## "I had long suffered from indigestion,"

writes G. A. Leibel, Cedar City, Mo. "Like others I tried many preparations but never found anything that did me good until I took Kodol Dyspepsia Cure. One bottle cured me. A friend who had suffered similarly put on the use of Kodol Dyspepsia Cure. He is gaining fast and will soon be able to work. Before he got Kodol Dyspepsia Cure indigestion had made him a total wreck. For sale by R. S. Leadbetter & Sons.

Mr. John E. Tackett desiring to retire from the retail business offers the whole stock of fine Dry Goods contained in the store, 431-433 King street, at and below cost for CASH.

As the sale is an absolute retiring from business, the terms are made positively CASH.

Mr. Tackett desires to thank the many loyal friends the house has had in the twenty years of its business existence in Alexandria for their patronage and promptness in their general relations with him, and to set a continuation of that in confidence the settlement of all accounts due to September 1, and feeling assured that no words of apology are needed for closing up the stock on an absolute cash basis.
